

# # Galactic Invaders – 2D Spaceship Pack

This pack contains vector spaceships for 2D games, organized as follows:

## **Folders:**

- /Animations – Contains prefabs animations
- /Art – Contains playable and enemy ships
- /Back Test – Contains one background for test
- /Info – Contains the documentation
- /Prefabs – Ready-to-use prefabs in Unity
- /Scenes – The demo scene

## **\*\*How to use:\*\***

1. Simply drag the desired sprite into the scene.
2. You can apply shader effects or animations easily.
3. Textures can be modified at will, maintaining copyright.

## **\*\*Important:\*\***

- All elements have clear names.
- No third party content is used.
